Product Descriptions

15 words

Orbi Pro WiFi 6 Mini Dual-band Mesh Router is ideal for small businesses and home offices.

50 words

Equipped with the latest and fastest WiFi 6 (802.11ax) technology, Orbi Pro WiFi 6 Mini is a Dual-Band Mesh Router built to provide your business or your home office with next-level coverage, speed, and connection capacity for the ultimate business-grade WiFi experience, today and tomorrow, at an affordable cost for budget conscious businesses.

100+ words

Equipped with the latest and fastest WiFi 6 technology, Orbi Pro WiFi 6 Mini is a Dual-Band Mesh Router built to provide your business or your home office with next-level coverage, speed, and connection capacity for the ultimate business-grade WiFi experience, today and tomorrow at an affordable cost for budget conscious businesses.

Ideal for home office or small businesses such as bed-and-breakfasts, professional services, and small education centers, Orbi Pro WiFi 6 Mini AX1800 offers better performance, easy management, supports a larger number of devices, and provides business-grade security standards. Each Orbi Pro WiFi 6 Mini AX1800 router and satellite (sold separately) is equipped with dual-band radios, each capable of connecting to next-generation WiFi 6 (802.11ax) devices, and delivers 1,800Mbps of total data throughput and 2,000 sq ft coverage. Orbi Pro WiFi 6 Mini AX1800 is fully compatible with legacy WiFi 5 (802.11ac) devices. Each router can connect to 4 times more devices as compared to a similar WiFi product in previous generations. Orbi Pro WiFi 6 Mini AX1800 comes with a market-leading 5-year warranty and NETGEAR does not collect, process or sell your personal data.

Approved Category/Space Definitions
